

MARYLAND LEAGUE
OF CONSERVATION VOTERS
EDUCATION FUND

2009 List Enhancement Program Application

The Maryland LCV Education Fund's List Enhancement Program matches the list you provide to the state voter file. In turn, you receive information such as how frequently a person votes (not, of course, who they voted for), what congressional and state legislative districts they live in, their county and voting precinct, political party affiliation, and demographic information such as age and gender. Maryland LCV Education Fund will also add your enhanced data to a shared community list and brokered list to enable the environmental community to work more effectively in coalitions with other list participants and use the enhanced list to benefit the conservation efforts in the state.

This is a FREE service to 501 (c) (3) organizations! Other groups must pay a nominal fee.
